1. Welcome and Working Hours

Welcome to Aurora Labs, a fictional software company headquartered in Marlow Quay. This handbook explains how we work together. The standard working week at Aurora Labs is 38 hours. Core hours are 10:00 to 15:00 local time, during which every team member should be available for meetings and collaboration. Outside core hours, employees may arrange their schedule flexibly with their manager. New employees begin with a probation period of 90 days, after which a performance review decides whether the contract continues on a permanent basis. During probation, either side may end the contract with one week of notice. Managers hold a one-to-one meeting with each new employee every week during the first month.

2. Leave Policy

Full-time employees receive 27 days of annual leave per calendar year, plus 3 additional wellbeing days that can be taken at short notice. Up to 5 unused annual leave days may be carried over into the next year; any further days expire on 31 March. Primary caregivers receive 20 weeks of parental leave at full pay, while secondary caregivers receive 8 weeks at full pay. Sick leave is paid in full for up to 12 days per year. A doctor's note is required once an absence lasts more than 3 consecutive days. Employees should notify their manager before the start of the working day when they are unwell.

3. Remote Work and Expenses

Employees may work remotely up to 3 days per week, subject to team needs. Aurora Labs pays a one-time home office stipend of 400 euros to help employees equip a workspace, and reimburses internet costs of 30 euros per month. Expense claims must be submitted within 45 days of the purchase date, otherwise they are not reimbursed. While travelling for business, meals are reimbursed up to 55 euros per day. Flights shorter than 6 hours must be booked in economy class. Receipts are required for every claim above 25 euros.

4. Information Security

All employees must use the company password manager, called VaultKey, and enable multi-factor authentication on every work account. Any suspected security incident must be reported within 4 hours to the security team at security@auroralabs.example. Company laptops use full-disk encryption, and connecting personal USB drives is prohibited. Annual security awareness training takes place every March and is mandatory for all staff. Visitors must be accompanied at all times inside the office.
